02067	Sharon	Snow	Scattered Coating	0.00"	
02072	Stoughton	Snow	Scattered Coating	0.00"	

Scattered Snow Showers/Squalls on February 13th

Outside of a few stray flurries earlier in the day, scattered snow showers/squalls passed through the area between 5 – 11 PM on February 13th. Temperatures initially in the mid-30's fell to around 30 degrees later that night leading to some patchy black ice development of lingering wet surfaces. Wind gusts during the showers/squalls ranged from 15 – 30 mph with some locally moderate to heavy bursts of snow.
