

## Massachusetts: December 23rd - 24th, 2025

### Rain to Snow on December 23-24

**Start:** 4 - 6 PM December 23rd    **End:** 2 - 4 AM December 24th

While there were a few flurries and the occasional light snow shower around during the morning of the 23rd, it was inconsequential as the main round of mixed rain/snow held off until 4 - 6 PM December 23rd. Temperatures cooled to 32 - 35 degrees and this mix flipped over to mostly snow for the rest of the late evening before tapering off 2 - 4 AM December 24th.

*If any snow returned during the day on the 24th it will be included in the following report*
